

What do I need to get identified?

For video identification, you need:

- a smartphone with microphone and good camera functionalities that runs on iOS 10 (or newer) or Android 6 (or newer)
- the same **mobile phone number** you provided during ordering
- the same **valid ID Document** you used during ordering
- good Internet connection (3G / 4G connectivity) throughout the entire process
- good mobile phone signal throughout the entire process
